Ladies/Gentlemen:

Attached please find an addendum on the above captioned project. Included in the attachment is an addendum notification which details the changes and the respective proposal pages which were added and/or changed.

Except for new bid insert pages, it is unnecessary to return any of the pages attached.

Bid insert pages must be returned with the bid proposal submitted to the Department, unless your firm is submitting a bid using a computer print out. The computer print out must be changed to reflect the new bid item information.

Contractors and material suppliers, etc. who have previously been furnished informational proposals are not being furnished a copy of the addendum. If you have a subcontractor on the above project, please advise them of this addendum. Acknowledgment of this addendum is not requested if your company has been issued a proposal stamped "This Proposal Issued for Informational Purposes."

You are required to acknowledge receipt of this addendum by entering the date, which appears at the top of this letter on the Addendum Acknowledgement Form, contained in your bid proposal.

Failure to Acknowledge receipt of this addendum in your bid proposal will result in your bid not being read.

## **SPECIAL PROVISION**

### **007---001**

#### **Legal Relations and Responsibilities**

For this project, Item 007, “Legal Relations and Responsibilities,” of the Standard Specifications, is hereby amended with respect to the clauses cited below, and no other clauses or requirements of this Item are waived or changed hereby.

**Article 7.4. Insurance and Bonds** is supplemented by the following:

In addition to the forms of insurance required under Table 1, obtain insurance coverage in the following kinds and amounts shown in Table 2. Provide certification of the Commercial General Liability and Protective Liability policies and the original Railroad Protective Liability policy to the Department.

**Table 2**  
**Additional Insurance Requirements**

<b>Type of Insurance</b>	<b>Amount of Coverage</b>
Commercial General Liability Insurance	\$2,000,000 combined single limit
Railroad Protective Liability: Bodily Injury, Property and Physical Damage	\$2,000,000 each occurrence \$6,000,000 combined single limit
Protective Liability	\$2,000,000 combined single limit

Do not work on the Railroad Company's property until the Department has been provided the insurance certifications and original policies required in Table 2.

Pay all deductibles stated in the policy. Subcontractors must meet the requirements of Table 2 either through their own coverage or through the Contractor's coverage.

Except for the Railroad Protective Liability requirement, the coverage listed in Table 2 must remain in force until final acceptance. Carry the Railroad Protective Liability insurance until all work on the railroad right of way has been completed and all temporary grade crossings are no longer used. Stop all work if the insurance lapses for any reason. Provide the Department new certifications and new policies of the insurance.

Policies issued for Railroad Protective Liability coverage listed in Table 2 must be issued for and in behalf of the Railroad.

The following requirements also apply to the Railroad Protective Liability insurance policy to be provided the Department.

- a. Where one Railroad Company is involved, provide one insurance policy in the name of the Railroad Company. However, if more than one grade separation is involved on the project at entirely separate locations on the line or lines of the same Railroad Company provide separate policies, each in the amounts shown in Table 2. Dual lane structures at the same highway location will be considered as one structure and only one policy will be required.
- b. Where more than one Railroad Company is operating on the same right of way or where several Railroad Companies are involved and operate on their own separate rights of way, provide separate insurance policies in the name of each Railroad Company.
- c. If, in addition to a grade separation, other work is proposed on a Railroad Company's right of way at a location entirely separate from the grade separation, include coverage for the work in the policy covering the grade separation.
- d. If no grade separation is involved but other work is proposed on a Railroad Company's right of way, all such other work may be covered in a single policy for that railroad even though the work may be at two or more separate locations.

If other work is proposed on two or more Railroad Companies' rights of way or where other work is proposed involving two or more Railroad Companies operating on the same right of way, separate insurance policies must be provided for each Company.

No direct compensation will be made to the Contractor for providing the insurance policies required herein as the costs involved shall be included in the unit prices bid for the several pay items of the proposal.
